

Assignment 5: Thesis/ Dissertation/ Project Presentation

Find, read and report to the class on a thesis, project or dissertation of interest to you, addressing the following:

<i>Thesis/ Dissertation</i>	<i>Project</i>
Topic and research problem	Topic
Purpose, research questions, hypotheses	Purpose
Summary of literature review	Summary of literature review
Research design	Overview of project format
Participants, data collection and analysis	Summary of project content
Major results/findings	Other aspects of interest
Your comments about the work (e.g. strengths, weaknesses, implications for practice)	Your comments about the work (e.g. strengths, weaknesses, implications for practice)

If the work follows a format that does not enable you to identify these elements, please check in with me to discuss BEFORE you work on the presentation.

N. B. The presentation is a **maximum** of 10 minutes in duration.

Please see next page for assessment rubric.

Presentation Assessment Rubric

Total:

Respecting Time Parameters: (2 marks)

The presentation is effectively planned and sufficiently rehearsed so that it does not exceed 10 minutes.
